- 1) The following is an examiner's statement of reasons for allowance:

The primary reason for allowance is that the cited prior art does not show:  
a pulp molding process including the step of transferring a wet pulp product by means of  
a first die element of a heated transferring die-and-pressing tool arrangement, wherein  
the wet pulp product is simultaneously pressed and dried, and transferred to the down-  
line facility by a second die element as pressed, dried pulp product (claim 20); a tool  
arrangement wherein a mold is equipped with a secondary fluid passage that has an  
entry into the mold and a vent out of the mold (claims 27-30); a tool arrangement for  
rotary transfer and drying of a wet product between a forming die and a down line  
facility (claim 33).

Any comments considered necessary by applicant must be submitted no later  
than the payment of the issue fee and, to avoid processing delays, should preferably  
accompany the issue fee. Such submissions should be clearly labeled "Comments on  
Statement of Reasons for Allowance."

- 2) Any inquiry concerning this communication or earlier communications from the  
examiner should be directed to Mark Halpern whose telephone number is 703-305-  
4522.
